

REPORT / SUMMARY DECISION SHEET

PURPOSE: COMMISSIONER DECISION

Timing: Urgent / Pressing / Routine
(Specify date required and why, where possible)

Title: Web support by Glass Mountains Digital Ltd

Category of Decision / Business Area Impact: Commissioning

Executive Summary:

Glass Mountains Digital Ltd has provided two websites for the OPCC since 1st November 2014 (OPCC and Dyfed-Powys Help Hub). Its original aim was to develop the new websites, including design, building, testing, hosting and supporting.

The websites are now fully developed and running and an initial extension was agreed to 31st July 2016 followed by a second extension to 31st December 2016.

Website requirements have been under review and it is proposed that from 1st March 2017, there will be a joint OPCC and Force approach with the website being maintained and further developed in-house, offering a more cost effective option. Therefore, the hosting and support service is to be extended for a further two months to 28th February 2017 at a cost of £250pm (+VAT). This will ensure professional and resilient websites continue during these months while the setup of the new in house website is being completed.

Recommendation:

That the Police and Crime Commissioner approve the proposal for a two month extension of the current Service Level Agreement with Glass Mountains Digital Ltd for provision of web hosting and support.

Police and Crime Commissioner for Dyfed-Powys

I confirm I have considered whether or not I have any personal or prejudicial interest in this matter and take the proposed decision in compliance with the NOLAN Principles for Conduct in Public Life. The above has my approval.
