REPORT / SUMMARY DECISION SHEET

PURPOSE: COMMISSIONER DECISION – REF. DLI098

Timing: Routine

Title: Future of Fishguard Police Station

Category of Decision / Business Area Impact: Estates

Executive Summary:

The current Fishguard Police Station site is too large for the policing requirements in that area and is in need of extensive refurbishment. A high level of local interest in the future base was evident, both from the general public and local Chamber of Commerce members, and the favoured option from a public consultation was to remain at the current site until a planned new Community Hub Collaborative project is completed. The other options presented were to move into the Town Hall or to move into our out-of-town site at the Port Offices. In furthering the PCC's commitment to listen to Dyfed-Powys public opinion, a decision to stay at the current base for another year was taken, with the aim to review again at that point in light of national developments expected during this period which could have a significant impact on policing decisions.

Recommendation:

The Commissioner is asked to review the above information and approve a decision to proceed as summarised.
