

DYFED POWYS YOUTH AMBASSADOR SCHEME

There is a Welsh version of this leaflet available

What is the Scheme?

Our Youth Ambassador Scheme:

- provides opportunities for young people to have their say on policing and crime in the communities they live in;
- Enables young people to influence and challenge decision-making;
- Helps us to better understand young people's views and experiences of crime and policing so that we can ensure we successfully safeguard children and young people and promote their wellbeing

Youth Ambassadors will:

- Help us identify what are young people's priorities
- Create exciting campaigns that will raise awareness of young people's priorities
- Consult with young people on policing and crime issues locally and feedback to the Commissioner
- Support the Police and Crime Commissioner with his scrutiny work by attending some meetings to challenge decisions, provide recommendations, and influence change for the benefit of young people in our area.
