## SUMMARY DECISION SHEET

**Purpose:** Commissioner Decision – Ref.DLI302

**Timing:** Singular

**Title:** Dolen Teifi – Asset Tracker Funding

**Category of Decision / Business Area Impact:** Finance

**Executive Summary:**

A funding request was received from Dolen Teifi for asset trackers to be purchased for a fleet of Electric Vehicles (EV) cycles that will be made available for young adults who commit low level offences in the Llanelli area. Dolen Teifi are working with partners to develop a tailored approach to working with young adults with an aim to divert them from the criminal justice system.

The asset trackers will be used to monitor the whereabouts of the EV cycles in the event of non-return and/or appropriate usage of the cycle. This will mitigate the risk of theft or other illegal activity when using the cycles.

This initiative aligns with the Police and Crime Plan in supporting young people and diverting them from the Criminal justice system by offering them low cost transport solutions to access education and/or employment.

The scheme also aligns with the Commissioners aim to reduce carbon footprint and support climate change activity across the region.

**Recommendation:**

It is recommended that the PCC approves the funding request, with a contribution to be made from the Driver Retraining reserves.
